

12" Pines Roto Form Extrusion Bending Machine

- **Stock Number:** AM21672
- **Brand:** Pines
- **Capacity:** 12.0000

12" Pines Roto Form Extrusion Bending Machine

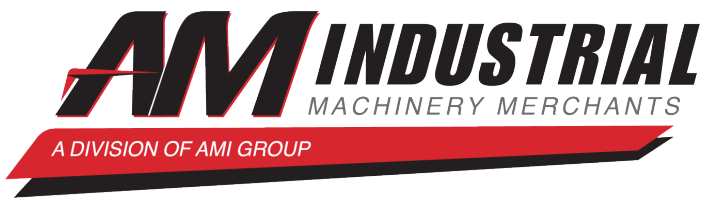

- PINES Roto Form 172 Roll Extrusion Bending Machine
- Model: 172 - Roto Form

Specifications:

- Pipe Capacity (IPS): 5" - 12"
- Minimum tube/pipe ID: 4.9375"
- Maximum ID: 12.25"
- Maximum Wall Thickness: .500"
- Maximum Radius: No Limit
- Minimum Radius (to centerline):
- Wall thickness less than .375" = 3 x OD
- Wall thickness greater than .375" = 5 x OD
- Carriage Travel: 110"
- Maximum Bending Speed: 3" per minute
- Materials: Stainless, Copper, Aluminum, Steel, Etc.

Includes:

- Push button control pedestal
- Carriage for positioning of tube/pipe
- Multi-jaw chuck for positive part holding
- Oil reservoir for recirculated head & ID pipe lubricant
- Assortment of tooling available
- 460 Volt, 60 Hz, 3 Phase

- DISCOUNTED PRICE, AS PICTURED, CYCLED UNDER POWER, FOB CLEVELAND, OHIO
