# 3.5″ Eagle EPT-90 CNC Tube Bender

- **Stock Number:** AM22416
- **Brand:** Eagle
- **Capacity:** 3.500

**3.5″ Eagle EPT-90 CNC Tube Bender**

- Eagle 3-Axis CNC horizontal mandrel type tube bending machine recontrolled
- Model:  EPT-90

**Specifications:**

- Maximum Tube Diameter:  3-1/2” OD x .120″ WT
- Minimum Tube Diameter: .750″ OD (approx.)
- Maximum Tube over mandrel:
- 120″ end-chucked
- 168″ through carriage
- Maximum Centerline Radius: 13″
- Maximum bending rotation:  180° + springback
- Bending rotation: Counter-clockwise (left-hand)

**Includes:**

- New BendPro control
- New Hydraulic valves
- New Rexroth Servo drives
- Rexroth hydraulic bend valve
- New Encoder for accurate degree of bend
- Drop away type clamp die
- Hydraulic pressure die assist
- Automatic lubrication system
- Overhead Tie-bar mounts
- 480 Volt

- 60 Hz
- 3 Phase Electrics
