

3.5" Eagle EPT-90 CNC Tube Bender

- **Stock Number:** AM22416
- **Brand:** Eagle
- **Capacity:** 3.500

3.5" Eagle EPT-90 CNC Tube Bender

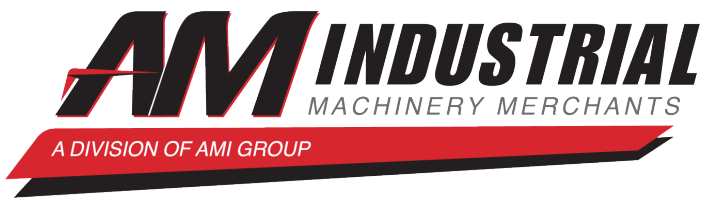

- Eagle 3-Axis CNC horizontal mandrel type tube bending machine recontrolled
- Model: EPT-90

Specifications:

- Maximum Tube Diameter: 3-1/2" OD x .120" WT
- Minimum Tube Diameter: .750" OD (approx.)
- Maximum Tube over mandrel:
 - 120" end-chucked
 - 168" through carriage
- Maximum Centerline Radius: 13"
- Maximum bending rotation: 180° + springback
- Bending rotation: Counter-clockwise (left-hand)

Includes:

- New BendPro control
- New Hydraulic valves
- New Rexroth Servo drives
- Rexroth hydraulic bend valve
- New Encoder for accurate degree of bend
- Drop away type clamp die
- Hydraulic pressure die assist
- Automatic lubrication system
- Overhead Tie-bar mounts
- 480 Volt

- 60 Hz
- 3 Phase Electrics
