3″ Addison McKee DB70ST4 CNC Tube Bender

- **Stock Number:** AM20493
- **Brand:** Addison McKee
- **Capacity:** 3.0000

3″ Addison McKee DB70ST4 CNC Tube Bender

- Addison McKee 5-axis CNC
- 4-stack
- High production horizontal tube bending machine
- Used Model: DB76 / DB70ST4
- Serial: MC9535

Capacities:

- Minimum tube diameter: 1/2″ OD (approx.)
- Maximum tube diameter: 3″ (76mm) OD (derated to 70mm x 4mm wall on stacks)
- Maximum bend radius: 180° + springback
- Maximum bend centerline radius: 12″ (300mm)
- Bending rotation: right-hand (clockwise)

Includes:

- BendPro Control System (to be installed)
- Electric servo driven carriage for positioning of tube
- Drop-away clamp die
- Direct acing pressure die
- Hydraulic pressure die assist
- Pneumatic tube support
- Hydraulic oil heat exchanger
- Overhead tie-bar supports
- Discounted price, As Pictured, Cycled under power, Fob Cleveland, OHIO
