3″ Eaton Leonard VB300 CNC Tube Bender

- **Stock Number:** AM23183
- **Brand:** Eaton Leonard
- **Capacity:** 3.000

3″ Eaton Leonard VB300 CNC Tube Bender

- Eaton Leonard 5-Axis CNC horizontal mandrel type tube bending machine with head shift for 3-stack bending
- Model: VB300

Capacities:

- Maximum bending capacity:
- Single stack: 3” OD (76mm) OD
- Multi-stack: 1.5” OD (40mm) OD
- Maximum bending angle: 195°
- Maximum bend centerline radius: 12”
- Maximum tube length over mandrel: 78”
- Bending rotation: Left hand (Counter-clockwise)

Specifications:

- BendPro G2 control system
- (3) position head shift for multi radius bending
- Upgraded Y-Axis gearbox for additonal torque
- Overhead tie-bar
- Hydraulic mandrel extractor
- Hydraulic pressure die assist
- Direct acting pressure die
- Direct acting clamp die

- Pneumatic collet closer
- Automatic lubrication system
- Hydraulic oil heat exchanger – fan type
- 460 volt, 3 phase electrics
- Discounted price, As Pictured, Cycled under power, Fob Cleveland, OHIO
