4″ Adaptive Motion EB100 CNC Tube Bender

- **Stock Number:** AM20743
- **Brand:** Adaptive Motion
- **Capacity:** 4.0

4″ Adaptive Motion EB100 CNC Tube Bender

- Adaptive Motion 5-axis CNC heavy duty mandrel type tube bending machine
- Used Model: EB100

Specifications:

- Minimum Tube Diameter: .250″ OD
- Maximum Tube Diameter: 4″ OD
- Maximum Centerline Radius: 16″
- Bending Rotation: left-hand (counter-clockwise)
- Maximum Degree of Bend: 180° + Springback

Includes:

- Modern Motion CNC Control System – Windows 11 Based
- 2-Stack bending capability
- Electric servo powered Y-Axis carriage boost system
- Electric servo driven bend head for precise degree of bend
- Hydraulic direct acting pressure die
- Hydraulic drop away clamp die
- Hydraulic pressure die assist
- Automatic lubrication system
- 230/460 Volt
- 60 Hz
- 3 Phase Electrics
- Discounted Price, As Pictured, Cycled Under Power, Fob Cleveland, OHIO
