

5" Hautau RC50 Tube Cut-Off

- **Stock Number:** AM23981
- **Brand:** Hautau
- **Capacity:** 5.000

5" Hautau RC50 Tube Cut-Off

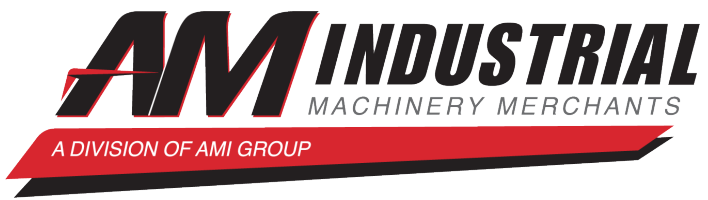

- 5" Hautau High Production Rotary-Head / Stationary Material Automatic Tube Cutoff Lathe
- Model: RC50

Capacities:

- Round tube capacity:
- Maximum: 5.00" OD
- Minimum: .750" OD
- Wall thickness capacity:
- Maximum: Solid
- Minimum: .020"
- Chamfer angles:
- Maximum: 45°
- Cutoff length:
- Maximum: 480"
- Minimum: .750"
- Cut length Accuracy: .005"
- Headstock drive motor: 25 HP
- Hydraulic system: 30 HP

Includes:

- Servo Tube Positioning System for Variable Part Lengths
- Roll type cutters currently installed
- 2-Slide design can be configured for cutting & chamfering
- Allen Bradley Panel View 1000 Programmable Control System

- Machine mounted operator controls
- Bosch / Rexroth Valves
- Rotating head / Stationary tube design
- Servo tube positioning system
- 6-Jaw Chuck for accurate / Concentric workholding
- Fast Diameter Change-Over
- Hydraulic oil heat exchanger – air type
- 460 Volt
- 60 Hz
- 3 Phase Electrics
