- **Capacity:** 3.000

3″ Eagle Eaton Leonard VB075XPR CNC Tube Bender

- Eagle Eaton Leonard CNC 3-Axis horizontal mandrel tube bending machine
- Used Model: EPT-75-XP-R

Capacities:

- Minimum Tube OD: .50” OD
- Maximum Tube OD: 3’’ OD x .095” WT (Mild Steel)
- Maximum degree of bend: 180° + springback
- Maximum bend centerline radius: 12”
- Maximum tube length over mandrel: 120”
- Maximum degree of bend: 195°
- Bending rotation: Left-hand (counter-clockwise)

Includes:

- BendPro control system
- Beckhoff IO
- Rexroth servos
- Rexroth servo motors
- Rexroth hydraulic valves
- Hydraulic mandrel extractor
- Hydraulic pressure die assist
- Direct acting pressure die
- Drop away type clamp die
- Pneumatic collet closer

- Automatic lubrication system
- Hydraulic oil heat exchanger
- Wiper die holder
- 230/460 Volt
- 3 PH
- 60 HZ Electrics
