

0.750" Eaton Leonard VB19 ELEC All Electric Bender

- **Stock Number:** AM23960
- **Brand:** Eaton Leonard
- **Capacity:** 0.750

0.750" Eaton Leonard VB19 ELEC All Electric Bender

- Eaton Leonard CNC 5-Axis all electric tube bending machine
- Used Model: VB19 ELEC

Specifications:

- Maximum bending capacity:
- Ferrous materials: .625" (15.8mm)
- Non-ferrous materials: .75" (19mm)
- Maximum centerline radius: 4" (102mm)
- Maximum tube length end-chucked: 84" approx.
- Maximum degree of bend: 180° + spring back

Includes:

- Eaton Leonard CNC control system
- Servo driven bend head
- Pneumatic collet closer
- Rexroth servos and drives
- Servo pressure die assist
- Multi-stack with head shift
- Reversible bending rotation
- Pneumatic tube support
- No hydraulics
