

2" Eagle Eaton Leonard #VB200HP 5-Axis CNC Mandrel Tube Bender

2" Eagle Eaton Leonard #VB200HP 5-Axis CNC Mandrel Tube Bender, Maximum tube diameter: Round mild steel: 2" OD, Pipe: 1" schedule 80 black iron, Maximum bend radius: 180° + springback, Maximum bend centerline radius: 8", Maximum tube length over mandrel: 225", Bending rotation: Left-hand (counter-clockwise), Adept CNC Operator Control System, Multi-Stack Bending capability – 3 Stack shift, Hydraulic mandrel extractor, Hydraulic pressure die assist, Direct acting pressure die, Drop away type clamp die

- **Stock Number:** AM16914
- **Brand:** Eagle Eaton Leonard
- **Capacity:** 2 inches
